

# GO HANDS FREE!!!

Emtech Laboratories, Inc. can make custom fit earmolds for cell phones. We can provide the earpiece for the Plantronics models M140 and M145 and most common lightweight voice-activated speaker/microphone combinations. Perfect for use at home or in the office with cordless phones, having both hands FREE! How to order: mail ear impression and adapter that goes in ear (if it is not for the Plantronics models listed) and write "cell phone mold" under special instructions on the order form.

... a sound approach to good business.
